Other info you think we should know: _____

As a spokesmodel you get personalized extensive photo sessions, a spokesmodel brag book with 20+ of your images to show your friends, photo business cards to pass out (these earn you studio credits when redeemed), a place on our web site, a discount on your order, and more. Plus spokesmodel images are used in our advertisements too! There is some work involved too. We require our spokesmodels to compile a complete mailing list of classmates, be in charge of arranging a "school spirit" portrait session with at least 6 other classmates, act as a host at our senior season kickoff party, show off your brag book, and pass along referral cards.

Please note that very few students will be selected this year to be spokesmodels We are looking for well-rounded students with outgoing personalities, who are extremely photogenic, and who have a large desire to show off their images and be part of our studio team. Interviews will take place in December and spokesmodels will be announced on January 10th, 2011. Please understand that we cannot select everyone. I have read and understand the program and deadlines for the spokesmodel program through Weldon Photography and agree to participate to the best of my ability.
